

# INDUSTRIAL ENGINEERING - GATE

**Kulasekaran**

February 10, 2023

# Contents

1	Break Even Analysis	2
2	Inventory control	3
3	PERT/CPM	4
4	Forecasting	5
5	Queuing Theory	6
6	Linear Programming, Transportation and Assignment models	7
7	Work study	8
8	Statistical Quality control	9
9	Line balancing and Sequencing	10
10	Plant Layout, PPC and Lean Manufacturing	11

## Chapter 1

# Break Even Analysis

## Chapter 2

# Inventory control

## Chapter 3

# PERT/CPM

## Chapter 4

# Forecasting

## Chapter 5

# Queuing Theory

## Chapter 6

# Linear Programming, Transportation and Assignment models

## Chapter 7

# Work study

## Chapter 8

# Statistical Quality control

## Chapter 9

# Line balancing and Sequencing

## Chapter 10

# Plant Layout, PPC and Lean Manufacturing
