Chapter 1

Welding

1.1 Metallurgy in Welding

-
-

1.2 Bead Geometry

-
-

1.3 Types of Welding

-
-

1.4 Types of Welding machine

-
-

1.5 Shielded Metal Arc Welding (SMAW)

-
-

1.6 Electrodes

-
-

1.7 Functions of flux coatings

-
-

1.8 Meltin Efficiency(η_m)

-
-

1.9 Tungsten Inert Gas Welding (TIG)

-
-

1.10 Gas Metal Arc Welding (GMAW)

-
-

1.11 Plasma Arc Welding

-
-

1.12 Submerged Arc Welding (SAW)

-
-

1.13 Chemical Reaction Welding

-
-

1.14 Resistance Welding

-
-

1.15 Flash Butt Welding

-
-

1.16 Electro Slag Welding

-
-

1.17 Solid State Welding process

-
-

1.18 Radiant Energy Welding Techniques

-
-

1.19 Soldering and Brazing

-
-

1.20 Types of Joints

-
-

1.21 Welding Symbols

-
-

1.22 Defects in Welding

-
-

1.23 Weldability

-
-
